### LIGHTFOOT ASSOCIATE LANE MORRISON SELECTED FOR BIRMINGHAM BAR ASSOCIATION'S 2019 FUTURE LEADERS FORUM

June 18, 2019

**A. Lane Morrison**, an associate at Lightfoot, Franklin & White LLC, was chosen for the 2019 class of the Birmingham Bar Association's Future Leaders Forum.

The Birmingham Bar Association developed the program in 2009, and it has emerged as one of the premiere leadership and professional development experiences for young lawyers. The forum works with groups of attorneys who have been in practice for three to eight years.

"Lane is a hard-working, talented attorney, and we are proud that he's been chosen for this distinction," said Lightfoot managing partner **Melody Eagan**. "I know he will represent our firm well."

Morrison focuses his practice on defending clients in complex commercial and product liability disputes. He has an engineering background and is particularly adept at handling cases involving highly technical issues. Before joining Lightfoot, Morrison put his training and experience to work defending architects and engineers in design and construction defect claims across the Southeast.
