LIGHTFOOT, FRANKLIN & WHITE RELOCATES ITS GROWING HOUSTON OFFICE

November 12, 2017

Opened in January 2017, firm's Houston location already expanding

Lightfoot, Franklin & White LLC is moving its Houston-based attorneys and staff into a new, larger space this week.

As of Friday, November 17, Lightfoot's Houston office will be located at 1885 St. James Place, Suite 1150. The firm has leased 5,700 square feet in a newly constructed, 15-story building in the Galleria area of Uptown Houston.

Lightfoot opened its first Houston location earlier this year to serve clients with Texas-based matters. The move reflects a positive demand for the firm's services in the state.

"The new location allows for our immediate and anticipated growth and positions us to serve our clients throughout Texas and surrounding states," said Houston-based partner Jerry L. Rios.

The Houston team also includes of counsel Angela T. Bongat and attorney Jason A. Rose. The firm plans to add more attorneys to the team in the coming months.

"These new offices provide a boutique environment consistent with the legal services provided to our clients and the rich history of our Birmingham headquarters," said Lightfoot managing partner Wynn M. Shuford.
