Glenn Waldrop relies upon decades of experience when litigating business and commercial matters.

One of the firm's founding partners, Glenn focuses his practice on business and commercial litigation. He works with clients across a variety of industry sectors, including construction, securities, insurance and finance. Glenn handles matters brought by consumers and individuals alleging fraud, breach of contract or inadequate performance of insurance policies or financial products. He has broad experience defending both individual lawsuits and class actions. Glenn also provides construction-related counsel to clients in that industry.

In addition, Glenn handles securities litigation and shareholder disputes, including close corporation and partnership disputes. He frequently represents businesses in matters involving noncompetition agreements, trade secrets, or proprietary and confidential information. Glenn also handles commercial cases on behalf of plaintiff business or corporate interests.

Understanding that in many instances his clients might be best served by a settlement rather than going to court, Glenn has developed unique experience with alternative dispute resolution. He represents clients in mediations and arbitrations, and also frequently serves as an arbitrator and mediator. Glenn's arbitration experience includes FINRA, AAA, ICC and privately administered arbitration proceedings. His work as a mediator has included the successful resolution of disputes involving the construction of a new high school, renovations and additions to a VA nursing home, construction of additions to an automotive manufacturing plant, the breakup of a law practice, and an oil and gas project where adjoining landowners claimed waste and depletion of their mineral rights.

Among other achievements, Glenn has been recognized by Thomson Reuters' *Super Lawyers* from 2008 to 2024. He has also been named a "Litigation Star" by *Benchmark Litigation* since 2011 and has been recognized by *The Best Lawyers in America*© by BL Rankings since
